

Community Nurse & Hospice Care

2011 Season of Remembrance Tree
North Dartmouth Mall · Fairhaven Office · Dartmouth Office
December 1, 2011 through December 24, 2011

- For a \$5 donation, holiday shoppers, patients, family members and caregivers will have the opportunity to place an ornament on the tree “in honor of” or “in memory of” a loved one or someone who cares for them.
- During the month of December, once again, *Community Nurse & Hospice Care* will have a tree on display at the North Dartmouth Mall in front of Macy’s.
- This year there will also be trees at our two *Community Nurse & Hospice Care* offices in Fairhaven and Dartmouth.
- These trees allow members of our community to publicly remember or honor loved ones during the holidays.
- Every \$5 donation from the community helps insure that all members of our community have access to comprehensive, quality and compassionate hospice and home care no matter their financial resources.
- All donations directly benefit home care and hospice programs within our community.
- Last fiscal year, *Community Nurse & Hospice Care’s* nurses, therapists, home health aides and volunteers provided nearly 59,000 visits to over 5,300 patients requiring hospice care or health assistance.
- You are an important part of insuring this quality care is available.

Yes, I would like to be an ORNAMENT SPONSOR
