

# Memory Loss Program

Receiving the diagnosis of Alzheimer's Disease or other memory loss condition is challenging, and sometimes scary. Uncertainty about the future highlights the need for knowledge, planning and support. Community Nurse Home Care's Memory Loss Program gives you access to both in-home and community-based programs designed specifically for individuals and loved ones coping with memory loss illnesses.

## You're not on this journey alone

A Certified Dementia Practitioner will meet with you in your home to provide an assessment and plan of care. Our Practitioner will collaborate with your care providers to implement the plan and help you and your loved ones understand the disease, its progression and associated behaviors. Having support and resources will improve the quality of life of individuals and their loved ones.

## Services include:

- **Assessment**
- **Education**
- **Caregiver Support**
- **Care Navigation & Planning**
- **Resources Assistance**
- **Respite**
- **Counseling**

## Community Support & Education

### Our Memory Loss Program opportunities:

- **Caregiver Support Groups** - bi-weekly in Marion and monthly in Fairhaven
- **Know the 10 Signs** – excellent basic education for all audiences
- **Coping with Behaviors** – caregiver strategies to address memory loss behaviors
- **Dementia Friendly @ Work** – a no-cost program for basic memory loss education tailored to your business and customers.
- **Special events** such as film screenings, panel discussions and outings for individuals and loved ones living with memory loss

---

Our comprehensive Memory Loss Program has been recognized by the Home Care Alliance of Massachusetts for its innovation and impact. Community Nurse accepts Medicare, most private insurance policies and Medicaid. As a not-for-profit, 501(c)(3) agency, we provide many necessary but unreimbursed services to patients. To the extent that charitable funds are available, no one who is eligible for services will be turned away.
